

Smartphone Study to Understand Veteran Mental Health

Category

Mental Health

Enrollment Closing Date

Mar 31, 2027

Description

Dr. Jessica Bomyea is investigating thinking skills, feelings and state factors like sleep and pain in relation to thoughts of suicide. Participation involves (1) clinical interviews, cognitive tasks, and questionnaires, (2) 14 days of smartphone-based cognitive testing and surveys that occur six times per day and last about 5 minutes each, and (3) two follow up appointments 6 and 12 months after enrollment.

Requirements

- * Must be a Veteran between the ages of 18 and 65
- * Own a smartphone
- * Willing to provide an emergency contact

Benefits

This study will help researchers identify suicide risk factors, which can then be targeted in treatment to improve suicide-related outcomes in Veterans.
